REVENUE DEPARTMENT

NOTIFICATION

Shimla-2, the 15th June, 1982

No. COC-SO-13/81-386.—In exercise of the powers conferred upon him under section 12 of the Himachal Pradesh Land Revenue Act, 1953 and section 59 of the Himachal Pradesh Tenancy and Land Reforms Act, 1972, the Financial Commissioner, Himachal Pradesh is pleased to issue standing order No. 13 regarding "Calendar of Settlement" as per attached schedule. The Financial Commissioner Punjab's Standing Order No. 54 in this behalf, in its application to Himachal Pradesh is hereby repealed.

Standing Orders of the Financial Commissioner
Himachal Pradesh

STANDING ORDER NO. 13

Calendar of Settlements:

Section 33 of the Himachal Pradesh Land Revenue Act, 1953 empowers the State Government to direct by notification the preparation of record of rights for all or any estate in any local area where it does not exist or

the special revision of records of rights for an estate where it is considered necessary. Chapter V of the Act provides for the assessment of land revenue. While confirming the assessment under section 56, the State Government has the power to fix the duration for which the assessment shall remain in force and this duration under section 57(2) has to be forty years notwithstanding the expiration of the period fixed for the continuance of an assessment under section 57, the assessment shall remain in force till a new assessment takes effect. But State Government is competent to curtail this period for any local area in order to bring the duration of assessment on a uniform basis within a district.

The considerations which determine the period for which the settlement is to run in Himachal Pradesh are: (i) when the land is fully cultivated and (ii) rents are fair and agricultural output is not exposed much to natural hazards, it is sufficient if the demands of Government are readjusted once in forty years i.e. in the lifetime of each generation. But if the conditions are otherwise i.e. (i) where there are much waste lands (ii) rents are low and agricultural output is exposed much to natural hazards or (iii) where there is rapid development owing to the construction of roads, projects, colonisation and industrial activities and there is consequential increase in population and rise in prices, the postponement of resettlement for such a long period is neither desirable nor in public interest.

The year of the last settlement in respect of the different districts is given in the annexure appended. The calendar of Land Revenue Settlement should be prepared after every five years in the month of the July in the office of the Financial Commissioner. The Commissioner of the Division is responsible to send a copy of the calendar to each Deputy Commissioner and Settlement Officer in the first week of June of the year in which the calendar is to be up dated. All the Deputy Commissioners and Settlement Officers should carefully scrutinise this statement and report the alterations necessary to bring it up-to-date i.e. upto the 30th June of the year in which the report is called for. Khalsa, fixed land revenue demand, in respect of the villages indicated in column 3 should be shown in column No. 7 and the figures should agree with those shown in the fixed land revenue roll for the current agricultural year. Estimate of fluctuating land revenue permanently struck off from the rent roll based on the figures for the last five years should also be entered in the remarks column for every district if the land revenue in part or whole is assessed on fluctuating basis. The remarks column should indicate the steps taken or proposed to be taken in relation to the settlements which have expired or are within two years of expiry. The specimen of the calendar is given below:—
